Subject: Metals TDs

Sujith,

Please go ahead and approve the two metals TDs from Rick Wilkin for reruns of Pavillion and hydrofrac samples. These are top priority and need to be completed by June 22, 2012. Analysis of Steve Hutchins' samples for TD 8ME813 and 8ME814 will be postponed until the next Option period if necessary in order to complete the analytical requirements for Pavillion and hydrofrac samples.

Please let me know if you have any questions,

CIndy
